

## Center For Testmaterials is the one-stop-shop for cleaning performance testing

### Standardized Testmaterials

CFT is the largest producer of soiled test fabrics for detergent performance testing in the world

### (Soil) Ballast Load

Ballast load is often used next to test materials. To approach reality better, soiled ballast load is added

### Monitors & Strips

Your choice of Standardized Testmaterials and Circular Stains sewn on a ready to use monitor or strip

### Circular Stains

Next to the Standardized Testmaterials we supply an even wider range of Circular Stains

### (Hand) Dish & Hard surfaces

We sell ready-to-use soils to test (Hand) Dish wash detergents and hard surface

### Performance testing services & Custom detergents

We offer performance testing services and custom detergents
